DRIVEWISE

INTEGRATED TRAINING, INTERACTIVE LEARNING

As a leader in advanced road safety education, DriveWise utilizes an integrated approach to learning. Combining simulation technologies with online learning, in-class lessons and in-vehicle instruction, DriveWise has trained thousands of drivers in professional and commercial fleets, law enforcement, emergency management, municipal works and airport operations. To achieve the best results, progress is monitored and recorded to highlight the drivers' strengths and address any areas needing improvement.

ENGAGE LEARNING

eLEARNING

- Online Learning Management System (LMS)
- Discreet login
- Company-specific look and feel
- Records management
- Career path management

eLEARNING MODULES

- | | | |
|------------------------|---------------------------------|-------------------------------|
| ▶ Safe Backing | ▶ Fuel Economy | ▶ Point of No Return |
| ▶ Speed Management | ▶ Hazard Avoidance | ▶ Vehicle Maintenance |
| ▶ Eye Lead Time | ▶ Parking | ▶ Skid Control |
| ▶ Proper Scanning | ▶ Night Driving | ▶ Crossing Borders |
| ▶ Distracted Driving | ▶ Being Proactive | ▶ Impaired Driving |
| ▶ Space Management | ▶ Emergency Manoeuvres | ▶ Fatigue Management |
| ▶ Adverse Weather | ▶ Highway Traffic Act | ▶ Highway and Freeway Driving |
| ▶ Pre-trip Preparation | ▶ Driving Through Intersections | ▶ Collision Avoidance |

DriveWise is a leading provider of customized and occupation-specific Road Safety Education.

We Service

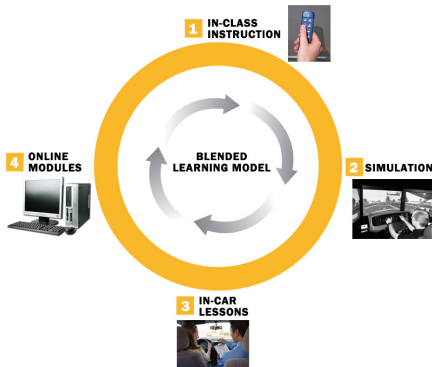

- Military Personnel
- Police Officers
- Firefighters
- Paramedics
- Professional Drivers
- Novice Drivers
- Bus Drivers
- Airport Personnel
- Snowplow Operators
- Municipal Personnel
- Commercial Truckers
- Fleets

Custom Learning

- Customized programs
- Instructional design services
- Experienced instructors
- Certified trainers
- Occupation-specific programs
- Seasonal learning

Support

- 24/7 tech support
- Secure data collection
- Client care services
- Maintenance training
- Online support

DriveWise maximizes your product life cycle by helping you with every stage of development. From the initial planning stages through to maturity, DriveWise can design and develop programs, stay up-to-date on courseware and offer continual support services.

Instructional System Design

DriveWise offers customized programs to assist in all aspects of training and standardization.

Integrated Learning

DriveWise uses an approach to teaching that integrates multiple methods: classroom lectures, online learning objectives, virtual simulation and private in-vehicle lessons.

Secure Data Collection

Track the progress of remedial training, pre-hire screening and practical reinforcement through a centralized, customizable reporting system accessed online.

CUSTOMIZABLE, OCCUPATION-SPECIFIC ROAD SAFETY EDUCATION

TARGET AUDIENCES

PRE-HIRE SCREENING

- Separates good drivers from great ones
- Assesses participants using a randomized online quiz
- Evaluates participants' defensive driving techniques using standardized simulation exercises or in-vehicle testing
- Streamlines your operational process

NEW HIRE

- Standardized training that incorporates simulation training and evaluations
- Customized programming for fleet-specific training
- Individual and/or group assessment and evaluation reporting

RECURRENT TRAINING

- Improved overall fleet safety and ensured due diligence
- Program content focused on individual fleet needs
- Interactive content delivered in a classroom setting
- Practical training on simulators

REMEDIAL TRAINING

- Online learning modules specific to remedial need
- Classroom and simulator training one-on-one or in a group (option for in-vehicle)
- Record of training and evaluative outcomes

OUR PROGRAMS

PROGRAM FEATURES

- Standardized training for each participant
- Engaging interactive training environment
- A DriveWise facility or yours
- Program loading of 10 participants per program
- Standard 4 hour length
- Optional in-vehicle lessons

PROGRAM CUSTOMIZATION

- Occupation, including general occupation risk related to vehicle operation
- Fleet risks
- Operating environment
- Class of vehicle and vehicle dimensions

OTHER PRODUCTS

- Engage Design™
- Fully equipped mobile classroom
- Virtual reality simulators
- Classroom Performance System
- Mobi System™
- 6 Star Approach™
